Special award

Cristina Peña Carles is an example of courage, determination and unyielding success.

She began her career as a young lawyer battling against the post civil war censorship and 50 years later she is still defending the freedom of speech in the European Court of Human Rights.

Cristina started her own law firm in 1973 in a time in our society when women were not able to open a bank account on their own. In 2018 she celebrated her 50 year anniversary of practicing law. Her specialization includes the media sector as well as family law.

She has been named “Lawyer for the media,” and is well known for her the her cases involving GAL, Fondos Reservados, Papeles del CESID o Football Leaks.

Her credits also include:

- Abogado del Tribunal de la Rota
- Miembro de la Sociedad Española de Abogados de Familia
- Abogado de la Asociación de la Prensa

Cristina is the recipient of the 2019 InspiraLaw’s Special Achievement Award.

Her award will be presented by **Pedro J Ramírez**.
