Madrid Annual Report 2014

The fight intensifies

Is the crisis over? Yes, say some lawyers who point to an increase in foreign investment in Spain and more M&A activity as evidence of an economy in recovery. Indeed, it is true that more money is being ploughed into Spain – for example, statistics show that Spain's retail investment market grew almost three-fold in 2013.

More clients suing for negligence

The number of court cases involving professional negligence claims against lawyers in Iberia is increasing due to clients being better informed about their rights, law firms employing fewer fee earners and more junior lawyers increasingly being used on cases and deals. So how can law firms reduce the risk of being sued for negligence?
