Abreu Advogados has advised HCapital on the sale of its stake in Frotcom International to Snowfall Capital, LLC, for a total amount of €15 million.

Frotcom International is a Portuguese supplier of vehicle tracking and fleet management systems, present in more than 30 countries, through a network of international distributors. It offers a complete service regarding driver and safety management, route planning and monitoring.

The Abreu team involved in this advisory work was coordinated by **Marta Romano de Castro**, partner of the Corporate and M&A practice area.

HCapital is an independent private equity firm that invests, through dedicated funds, in a wide range of companies, from start-ups to companies with more years in the market.
