Abreu Advogados has advised the Mozambican international Reinildo Mandava (pictured left), on his transfer from the French champion's Lille, to the Spanish League champion's Atlético de Madrid. The deal was completed on the last day of the winter transfer market.

The defender, who started representing the French club in the 2018/2019 season, signed a contract valid for three and a half seasons and will help Atlético de Madrid defend their Spanish title in the second half of the season.

The Abreu team involved was coordinated by partner Fernando Veiga Gomes (pictured right), co-coordinator of the Sports Law area.

Reinildo Mandava was considered last season, one of the best defenders in the French League.
