Antas da Cunha Ecija strengthens its position in the Portuguese market and increases its expertise in the area of digital law

Lisbon-based law firm Antas da Cunha ECIJA has just announced the integration of Vieira Advogados into its structure. This way, a little over 2 years after the merger with Spanish law firm ECIJA, the Firm led by Fernando Antas da Cunha reinforces its position in the Portuguese market and exponentially increases its range of skills in an area considered strategic for the Firm: Digital Law.

According to Fernando Antas da Cunha (pictured, left), managing partner of Antas da Cunha ECIJA: "Vieira Advogados is the right partner, at the right time. Hardly, in the Portuguese market, we would find a project that would 'marry' so well with ours. Add the human factor we are dealing with a group of truly exceptional people! I have no doubt that this team will be a great asset to our office".

Nuno da Silva Vieira (pictured, right), managing partner of Vieira Advogados confesses: "Fernando's invitation was irrefutable!" and he concludes by saying: "Digital Law is one of the fastest growing areas of law in the legal market. Over the last few years we have closely followed its evolution. We have been involved in numerous projects, in Portugal and abroad. We have created pioneering and innovative solutions. We have accumulated experience and knowledge."
