B. Cremades has advised Heska Corporation, an advanced veterinary diagnostic and specialty products provider, on the acquisition of Spanish CVM Companies

Heska Corporation has recently announced that the Company acquired a 100% interest in CVM Diagnostico Veterinario, S.L. and CVM Ecografía, S.L., collectively "CVM Companies" or "CVM" in Spain.

The CVM Companies have been leading providers for over 25 years of imaging and blood testing products to the pet market in Spain, a market with approximately 6,000 veterinary clinics and hospitals.

B. Cremades y Asociados was in charge of carrying out all the legal due diligence prior to the acquisition (the tax and accounting firm was entrusted to an auditing firm in Spain) and of representing the American company in the negotiation, preparation and signing of the contract for the purchase and sale of the company's shares. Spanish sellers were represented by their own law firm

B. Cremades team was lead by Belén Nadal (pictured left), partner since 1999, specialized in Tax Law, Administrative Law/Public Procurement, Pharma/Health Law and Commercial/Corporate Law, and also included associate Pablo Marrodán (pictured right), specialized in Civil Procedural Law and Commercial Law.
