Bird & Bird has advised Electronics For Imaging, Inc. (**EFI**), a Siris portfolio company, on the acquisition of **Inèdit Software S.L.**, a developer of raster image processors (RIPs) and related software for digital industrial textile printing.

The acquisition extends EFI's strategy to accelerate digital transformation in industrial print through investments that advance the company's presence and capabilities in Packaging & Corrugated, Display Graphics, Textile, and Building Materials/Décor applications. Inèdit will be integrated into the Reggiani textile business.

The Spanish legal team advising EFI was made up of partner **Lourdes Ayala**, Counsels **Manuel Lobato** and **Alberto Rodríguez San José** with the support of associates **Antonio J. Ballesteros Matilla** y **Mónica Sangalli**.
