BPV Abogados has joined Grupo Gispert, bringing the total number of professionals specialising in taxation and business consultancy to 70.

Founded in 1940 and with more than 75 years of experience, Grupo Gispert offers legal advice, both nationally and internationally, to companies and individuals, from its offices in Madrid and Barcelona.

This move is key to fulfilling the firm's strategic plan, as the integration of Gispert represents a further step forward in the internationalisation of the firm.
