Cerejeira Namora Marinho Falcão has advised the company Vicnes 2021 on the transfer agreement of several commercial establishments that were dedicated to the sale of mobile phones and other products of the Xiaomi brand. It is a brand of great representation in the sector, which will have an increase in its activity, given the identity of the acquiring group that already develops the Apple business in Portugal.

The company Vicnes 2021 is dedicated to the retail sale of telecommunications equipment, in specialised establishments and had the team of Cerejeira Namora, Marinho Falcão, to advise the coordination, with the two lawyers Pedro Marinho Falcão (pictured left) and José Taborda (pictured right), respectively partner and associate from the tax and corporate team.
