CMS Albiñana & Suárez de Lezo has advised Atlantica Sustainable Infrastructure on the renewal of its €50 million promissory note programme which has been registered on the Mercado Alternativo de Renta Fija (MARF).

Atlantica is a London-based sustainable infrastructure company that owns, manages and invests in renewable energy assets, conventional energy and power transmission lines, as well as water assets.

Bankinter also participated in the programme as lead arranger and underwriter together with Banca March and VGM Advisory Partners acted as registered advisor.

The team from CMS Albiñana & Suárez de Lezo was formed by the partner, **Guillermo Muñoz-Alonso** (pictured left) and the senior associate, **Andrea Salgueiro** (pictured right).
