CMS Portugal has advised Aprolis, a company specialized in the rental of handling equipment in Europe and Asia, in the purchase of Empigest, which in recent years has developed its activity in the rental and maintenance of industrial machinery, including forklift trucks.

The team from CMS Portugal advising Aprolis was formed by the partner (pictured from left to right), **Francisco Xavier de Almeida**, and the associates, **André Guimarães** and **Francisca Pereira da Cruz**.

The sellers were advised by Telles, with the respective team consisting of the of counsel, **Tiago Sampaio** and the associate, **André Magalhães**.

"We were delighted to advise Aprolis on an investment in Portugal. This operation demonstrates that the Portuguese market continues to have interesting assets for investors, and that they can count on the support of CMS to carry out their operations", said **Francisco Xavier de Almeida**.
