CMS Portugal has advised SWEN Capital Partners on the investment round alongside Elyse Energy totalling €17 million on REGAENERGY GROUP SA, a Portuguese independent renewable gas producer and retailer aiming to accelerate the development of biomethane and hydrogen businesses in Portugal.

The CMS multidisciplinary team was led by **Margarida Vila Franca**, M&A partner, and **Mónica Carneiro Pacheco**, Energy & Climate Change partner. It also included **Bernardo Cunha Ferreira** (Energy & Climate Change), **Susana Estêvão Gonçalves** (Tax), **André Guimarães** (M&A), and **Francisca Pereira da Cruz** (M&A).

SWEN Capital Partners has over €6.9 billion under management, focusing on ESG. Based in Paris, SWEN enters Portugal's national renewable gas market through its specialised SWIFT 2 Fund.

REGA ENERGY is set to develop, finance, build, own and operate biomethane and green hydrogen plants to help decarbonise heavy industry through direct delivery or Renewable Gas Purchase Agreements.
