CMS Portugal has reinforced its tax team with the integration of **Mariana Coentro Ribeiro** (pictured), the new managing associate with more than 10 years of experience in the tax area.

Coentro Ribeiro has a degree in law from Universidade Nova de Lisboa and a master in law and management from Universidade Católica Portuguesa. Throughout her professional career she has worked mostly in corporate restructuring and corporate taxation, tax litigation and wealth management.

"It is with great enthusiasm and expectation that I embrace this new project in a firm like CMS: a firm with an international dimension on a global scale. It is an extremely challenging and motivating project", said **Mariana Coentro Ribeiro**.
