**DLA Piper ABBC advised Armilar Venture Partners in the investment process in startup WalliD.
The National Press-Money House also participated in the seed investment round**

Wallid was created in 2018 and incubated in Caixa Mágica Software, a spin-off of ISCTE - Instituto Universitário de Lisboa. The Portuguese startup developed a platform, based on blockchain, which offers authentication and online identification solutions.

The DLA Piper team consisted of partner João Costa Quinta (pictured) and Rita Costa Carvalho (senior associate).
