**DLA Piper has advised the bank syndicate, with French Corporate and Investment bank Natixis as**

## Agent, on its coordination of the green loan to finance an offshore wind farm in Scotland

ACS has managed to finance what will be the largest floating wind farm in the world with 50 MW of power. Natixis has acted as the sole coordinator of the green loan for the financing of €420 million (£ 380 million) for Kincardine Offshore Windfarm Limited.

ACS Group is a worldwide reference in the construction and services activities and a group taking part in the development of key sectors for the economy such as Infrastructure and Energy.

DLA Piper's team was led by Finance, Projects & Restructuring partner and Spain managing partner Jesús Zapata (pictured), Finance, Projects & Restructuring legal director José Marco and Finance, Projects & Restructuring associate Miguel Mestanza.
