DLA Piper has advised Caixabank on the agreement with Emperador Properties to refinance the debt of La Torre Emperador Castellana

DLA Piper has advised Caixabank on the agreement with Emperador Properties to refinance the debt of La Torre Emperador Castellana, through a €257 million green loan.

La Torre Emperador Castellana represents one of the three largest assets currently owned by Emperador Properties in Spain. The refinancing agreement has a maturity of seven years and an associated interest rate hedge.

The DLA Piper team involved in this operation was led by César Herrero (pictured clockwise from top left), partner in charge of Financing, Projects and Restructuring, working alongside Carmen Fernández-Ladreda, senior associate, Felipe López and Sara Espina, associates, all from the same department. Orson Alcocer, partner in charge of the department, and Adolfo Navarrete, associate, were involved from the Real Estate team.
