Dutilh Abogados announced the incorporation of Misaver Asesores Tributarios y Legales, adding two new partners and their team.

Legacy Misaver is a tax boutique servicing family owned companies and high-net-worth individuals. It handles tax litigation, tax and succession planning. It was founded 25 years ago by José Enrique Solano, former public auditor in the Spanish Commission and supervisor of the state-owned companies at the Court of Auditors.

With the new addition, Dutilh Abogados has outgrown its current premises and relocated to larger offices.
