DVP Solar will take part in the Jury of the "Legalcommunity Energy Awards 2023" and will participate in the ceremony that will take place in Milan next 26 of January.

Last 10 January, more than 700 finalists were evaluated by a jury composed of 40 major players in the Italian renewable energy market, including **Maria Jesus Juan Parra** (pictured), Legal Advisor of DVP Solar Italy. Following a series of strict evaluation criteria, the jury chose the winners in more than 30 categories and the results will be announced at the awards ceremony, in Milan on 26 January.

DVP Solar is a Spanish company specialised in the development of large-scale photovoltaic solar energy projects, both in Europe and Latin America. In less than 2 years, this company committed to technological innovation as a vector for socio-economic growth as well as a response to the serious climate challenges.

"Being part of the jury of this award is a very important recognition to the excellent work of the whole team of DVP Solar", said **Maria Jesus Juan Parra**.
