Ecija has appointed a total of 24 new professionals in its Madrid office; 13 of them as associates with different seniority and 11 trainees.

These new incorporations will strengthen the following practice areas: labour, capital markets, compliance, TMT, corporate, litigation and data protection.

With these additions, the law firm reaches 206 professionals locally and almost 1000 globally and seeks to continue growing and developing its teams, where the volume of tasks and opportunities has grown significantly in recent months.
