EJASO ETL Global has incorporated Alberto López Gómez, an expert in Corporate Taxation and, until now, a partner at A&J International, as a partner to strengthen its Tax area

Alberto López Gómez (pictured left) has extensive experience in advising companies on Taxation, Tax procedure and International Taxation, with a special focus on family businesses and their Tax structure, as well as in defending the interests of taxpayers before the Administrative and Justice Courts at all levels and concerning all types of Taxation (state, regional and local), having developed his career in firms such as PwC, Cuatrecasas and KPMG.

His incorporation to the team led by Alfredo Cerezales (pictured right), former general manager of the Urban Planning area of the City Council of A Coruña, represents for the firm a new commitment to growth in Galicia, and also an important reinforcement at a territorial level for its speciality of Tax.

EJASO ETL Global thus consolidates a team of around 50 professionals led by Juan Enrique Altimis Ibañes, dedicated to Tax Law, Tax Consultancy and Tax and Accounting Management, with the capacity to meet the needs of the firm's clients throughout Spain, as this move is in addition to the recent incorporation of Carlos Palma in Seville and Teresa Valdelomar Martínez-Pardo in Madrid last September.

Alberto López stated: "I am joining a top-level firm, which will allow me to practice in the Tax area with a team that has great experience and capacity."

On the incorporation of Alberto López to the team in Galicia, Alfredo Cerezales pointed out that: "It marks a decisive step towards providing our clients with a comprehensive and increasingly specialised service in all Public and Private Law matters that they require, essentially aimed at legal advice and management of economic and business activities."
