ETL Nexum, a member firm of ETL Global's professional services group, has integrated Miguel Legislab, a Barcelona-based employment boutique focused on legal and employment advice to the artistic and audiovisual sector.

Until now, Miguel Legislab was led by **Felisa Miguel** and strongly focused on legal advice on all types of operations in the film, audiovisual, theatre and performing arts business.

For its part, ETL Nexum has a staff of 80 professionals who provide legal, tax and labour advice in the Barcelona and Arenys de Mar offices.

"This addition to our firm will allow us to become one of the leading legal, labour and tax consultancy firms in the artistic and audiovisual fields in Barcelona, taking advantage of the synergies of our multidisciplinary teams in the rest of Catalonia", says **Antonio Almenara** (pictured right), managing partner of ETL Nexum.
