ETL Global has signed a three-year partnership agreement with MundoFranquicia to boost its investment business in Eastern Europe.

Founded in 2000, MundoFranquicia is a consultancy firm specialised in the provision of strategic, legal and business advisory services in the areas of study, research and development for individuals and legal entities. .

"We see an opportunity in this project and a clear commitment of our group to generate new business in a very well known market for us, such as the Czech Republic and Slovakia, as we have partners in our group who have the necessary capacity to generate business in these markets", said **Juan Bermudez** (pictured left), CEO of ETL Global.

"The real estate sector is a market in which we are particularly interested at the moment, as it represents a large part of our core business", he adds.
