Neuza Felizardo Carreira, also a graduate of Faculdade de Direito da Universidade de Lisboa, is a member of the corporate and employment team at Caiado Guerreiro.

Carolina Rodrigues Pinheiro, a law degree from the Universidade Católica Portuguesa, is a litigation team member.

"Carolina and Neuza have been with us since the first day of their traineeship, and it has been a privilege to see them grow and evolve as lawyers and, on merit, become associates. Adriana has been with us for less time but has also shown enormous ability. Madalena already has a good

curriculum and experience, and I believe that these four, together with the rest of the team, will carry out excellent work for our clients," explains **João Caiado Guerreiro**, the firm's managing partner.
