Gómez-Acebo & Pombo advised Viserion International, a North American multinational operating in the cereals and animal feed sector, on the purchase of the soybean crushing factory in the Port of Barcelona.

Through the Barcelona subsidiary Elían, 100% controlled by the North American group Viserion International, the multinational is acquiring the soybean grinding factory, which it will expand in a second phase with the aim of manufacturing vegetable protein.

The GA\_P team was made up of **Richard Silberstein** and **José Manuel Sánchez**, partner and associate in the corporate department; **Iñigo Igartua** and **Victoria Rivas**, partner and associate in the competition department; **Susana Ferrer** and **Juan Ignacio Romero**, of counsel from the public department; **Luis Cuesta**, associate in the tax department and **Natalia Mestres**, associate in the employment department.
