Hogan Lovells Madrid's Corporate M&A team has advised Metka, the business unit of the Greek company Mytilineos S.A., which is engaged in the construction of large-scale projects in the Energy, Infrastructure and Defence Sectors, on the acquisition of two photovoltaic plants located in Jaén and Guillena (Seville).

These two solar photovoltaic plants are scheduled to be operational by the end of the third quarter of 2022 and, once operational, will produce approximately 200 gigawatt hours (GWh) of electricity per year.

The Hogan Lovells team was led by Lucas Osorio (pictured top left), included Carlos Beltran (pictured bottom left) and Alberto Bocchieri in the Commercial area and David Antón (pictured top right) and Blanca Garcia de Madariaga (pictured bottom right) in the Regulatory area.
