Herbert Smith Freehills has advised iCON Infrastructure on the acquisition of Arcadia Renovables, a spanish company holding three development-stage solar photovoltaic projects totalling 150 MWp of capacity located in Carmona, Seville (Spain).

The advice also included the assistance with the development of the plants and their evacuation line.

The HSF team was formed by **Eduardo Dachary Glaría** (senior associate), **Victoria Herce Peña** (associate) and **Juan Presmanes** (junior associate).
