Herbert Smith Freehills informed of the passing of the Chief Operating Officer, **Alicia González** (pictured). She was one of the mainstays in opening and building the Madrid office of the law firm.

"She was a fantastic professional and incredibly dedicated – her contribution to the Madrid office cannot be overstated. What we will miss most, though, is the wonderful human being that Alicia was and her friendship. The Madrid team wish to express our deepest condolences to Alicia's husband, Pedro, and her sisters and family at this difficult time. Rest in peace", says the law firm through a post on LinkedIn.
