Iberian Lawyer has announced its 50 Raising Stars lawyers under 35 from Spain and Portugal in 2021

Iberian Lawyer presents its 50 "dolphins", both law firm and in-house lawyers, all under 35 years old, who due to their talent, specialisation, activity in the legal market and their academic and professional background, stand out above the average and are revealed as the new highly valued assets of the teams in Spain and Portugal. The main criterion followed in this study has been their outstanding participation in matters and relevant news given by this media during the last year. On this occasion, Iberian Lawyer has not taken into account listings on international legal directories with the aim of establishing IBL's own identity in this selection. Well aware that those listed here are only a small part of the great talent present in the Iberian legal market, our most sincere congratulations to all of them.

You can see the list [here](#), published on magazine issue 105, or [see the full magazine](#) in English and Spanish.
