The 12-member Global Management Committee is the highest and exclusive governing body of Andersen Global as it sets the strategic direction for the development and management of the legal and tax services firm.

**José Vicente Morote**, who was elected to this body in march 2021, is also the firm's european legal coordinator since 2018 and a member of the Leadership Committee.

The managing partner of Andersen in Spain has emphasised his "excitement and satisfaction at having been elected by the entire European Committee to represent all the colleagues of the firm in Europe, as it implies support for the work done during this time and a new challenge to continue to meet the expectations of all our professionals".
