JPAB has launched a new practice area focused on financial law & guarantee law (Financeiro&Garantias) that will be led by Marisa Silva Monteiro

According to the firm, this team is dedicated to new forms of financing and investment - such as crowdfunding, estate planning, private equity and SIGI - and to new financial services, with specific knowledge of the New Legal Framework for Payment Services and Electronic Money.

Silva (pictured) arrived at the firm in 2015 and has a wide experience in the consultancy area, advising international financial institutions in audit and compliance processes, having also followed the dossiers of private clients and companies, in matters related to banking law and guarantees law.
