Kepler-Karst continues with its growth plan and announces that its Restructuring and Insolvency department has been strengthened with the arrival of **María Bartle Agustín** (pictured), a specialist in insolvency law and until now partner and director of the Valencia office of the firm Martínez-Sanz Abogados.

With an outstanding technical profile and more than 20 years of experience in the legal sector, María Bartle joins the Madrid office as a partner, where she will be part of the department led by partners Davinia Sánchez and Luis Barber, and which also includes renowned figures in the sector such as Armando Betancor and Rodrigo Olivares-Caminal.

She is a specialist in insolvency law and her career has been closely linked to commercial law, both as a day-to-day legal advisor to companies and as a participant in the acquisition of production units at national and international level.
