KPMG Abogados has advised Greening Group on the listing of its shares with BME Growth, the adaptation of the internal governance structure of the entity and the two subscription offers carried out by the company, giving a total valuation of €143 million.

Greening Group is a firm specialized in innovative projects for the application of renewable energies. It aims to bring both public and private companies closer to the production of renewable energy from photovoltaic solar energy and contribute to a more sustainable world from the conviction that a better use of water, energy and the environment can be carried out.

The team from KPMG Abogados advising on this deal was led by director **Maitane de la Peña**, senior associate **Isabel Gutiérrez**, associate **Giuseppe Bertuglia** and trainee **Íñigo Argaya** from capital markets.

Likewise, KPMG Abogados' employment team formed by partner **Francisco Fernandez** and senior manager **Francisco Artacho** has also supported.
