King & Wood Malleons has advised GED Capital on the launch of its first infrastructure fund

The new investment vehicle has a target size of €200 million and is aimed at investments in energy, social infrastructure, water, waste to energy and TMT companies, mainly located in the Iberian Peninsula but also in other countries of the Eurozone and in the United Kingdom.

The KWM team was led by Funds Partner Isabel Rodríguez (pictured left). Other relevant members have been Partner Ildefonso Alíer (pictured right) and Associates María de Orueta and María Mata.
