MCH Private Equity SGEGR, the Spain based private equity firm, alongside Seaya Ventures FCR has acquired a minority stake in Seabery Augmented Technology, the local software-Computer, Traditional & Other Technological SME, that helps professionals and trainees involved in industrial careers enhance their skills through the use of augmented reality.

The terms of the deal were undisclosed.

Garrigues advised Seabery Augmented Technology with partner **Luis Collado** (pictured) and senior associate **Carlos Javier Crespo**.

Uría Menéndez advised SOPEF fund (managed by MCH) and Seaya Andrómeda with **Antonio Sánchez Cerbán** and **Yushi Zhou**.
