Morais Leitão has advised Bankinter Investment and Sonae Sierra on the acquisition of the Atrium Saldanha building in Lisbon.

The transaction, which is still subject to a non-opposition decision by the Portuguese Competition Authority, involves the purchase, by a new Sociedade de Investimento e Gestão Imobiliária (SIGI) constituted for that purpose, of 100% of the shares of Imobiliária do Saldanha, S.A. The new SIGI, named Atrium BIRE, will have as shareholders, besides Bankinter and Sonae Sierra, a group of investors from Bankinter Patrimonial Banking and the seller, Fibeira Group, which will hold a 20% participation in the new company.

Morais Leitão's multidisciplinary team involved in this transaction was led by partner **Vitor Pereira das Neves**, who is part of the Commercial, M&A and Capital Markets team. Other members of the team included **Marisa Larguinho** (senior lawyer), **Carolina Barrueca** (senior associate) and **Mariana Pintor** (associate), as well as members of other Morais Leitão departments, including the Corporate, Real Estate and Tourism department (coordinated by **João Torroaes Valente**), Tax department (coordinated by **António Pedro Braga**) and European Law and Competition department (coordinated by **Joaquim Vieira Peres**).
