For the second consecutive year, the law firm Cuatrecasas is launching the Cuatrecasas Challenge, a national competition in the field of business law aimed at students in their final year of a law degree or double degree at any university in Spain, who have an advanced level of english or higher.

The selected participants will work in pairs to demonstrate their public speaking and litigation strategy skills by defending a practical case, in a written and an oral phase, before a panel of judges made up of partners of the firm.

In this new edition, a winning pair and a semi-finalist pair will be selected, each of whom will receive a grant towards a master's degree in access to the legal profession or a double master's degree with specialization, as well as the opportunity to complete the master's degree internship in their preferred area at Cuatrecasas.

Students can apply until 28 October 2022.
