## Ontier advises Canadian Solar on the acquisition of three photovoltaic projects in Navarra

Ontier advised **Canadian Solar**, in particular **Canadian Solar Netherlands Cooperatief** (as purchaser) and **Canadian Solar Emea Capital Markets** (as purchaser) and **Canadian Solar Emea Capital Markets** (as guarantor), in the acquisition of a portfolio of three photovoltaic projects under development (including their evacuation infrastructures and other elements of the installation) of 149.7MWp of aggregate capacity in Torres del Río and Lazagurria (Navarra), Spain.

The value of the deal is confidential.

The Ontier team that took part in the project consisted of **Lucía González** (pictured top left), director of the Energy area, **Paula Rubio** (pictured bottom left) and **Mariana Lloveras** (pictured right).
