Ontier has promoted **Lucía González Fernández** (pictured left) to partner in the energy practice and **Jorge Perujo Fariña** (pictured right) to partner in the corporate and M&A practice.

González Fernández has a law degree from the University of Santiago de Compostela and previously developed her professional career at BDO Abogados.

Perujo Fariña has a law degree from the University of A Coruña and a master's degree from I.E School and has been with Ontier for more than 8 years.

"These incorporations are very important to continue reinforcing key areas of our activity and to keep pace with the strong growth of the firm, with two great people who are very business oriented. In addition, we send a very important message of recognition and set an exciting horizon for the professional development of our young lawyers, as both Lucía and Jorge have spent most of their professional careers at Ontier", says **Pedro Rodero Rodriguez**, managing partner of Spain.
