Ontier has assisted Iberdrola Renovables Italia, of the Iberdrola Group, a global leader in the energy and renewable sources sector, in the agreement signed with **Greeninvest**, a company active in the field of eco-sustainable projects and products, for the development of 17 photovoltaic and wind power plants.

The plants, which will have a total capacity of 327 megawatts, will be operational by 2024 and will produce enough energy to power approximately 168,000 homes, while also contributing to a significant reduction in CO2 emissions.

Ontier's team of professionals was composed of **Carmen Fernández Vadillo** (pictured), **Luca Pardo** and **Giulio Ciompi**, who handled the corporate and contractual aspects, **Laura Gentili** and **Elisa De Giuli** for administrative law profiles, and **Sara Di Battista** for civil and real estate law aspects.
