**PwC Tax & Legal has advised Bankia on its automation and digitalization processes**

A specialized and innovative system combining the legal expertise with operation industrialization from PwC Tax & Legal has assisted Bankia with one of the best existing technologies for process automation and digitalization, incorporating advanced analytics and providing specific predictive models for digital legal case management.

PwC Tax & Legal team was led by partner Yolanda López-Casero de la Torre (pictured), along with the participation of PwC senior manager Javier de Artiñano, manager María Vicens Carreño and Big Data & Analytics partner Miguel Iza Moreno.
