Ramón y Cajal Abogados has advised Q-Energy on the acquisition of various photovoltaic plants in operation with a joint nominal power of 1.5Mw in Extremadura. The sale was completed on May 24.

The team was led by partners **Antonio de Mariano** (pictured left) and **Amado Giménez Bono** (pictured right), with the support of **Lucía Alexander** (M&A and Energy Junior Lawyer) and **Lucas Mera Martínez** (M&A and Energy Trainee).

Ramón y Cajal Abogados is a firm founded in 1986 and oriented towards the business and financial world, being among the leading Spanish law firms.

Q-Energy is the leading investor and operator of solar plants and wind farms in Spain and Germany.
