Sagardoy Abogados has integrated **Rafael Alcorta Abogados**, a law firm specialized in employment law which has been present in the Basque Country for more than 30 years and is entirely made up of lawyers specialized in this area of practice.

The firm is especially present in sectors such as aeronautics, energy and services, amongst others.

The ultimate goal of the integration of Rafael Alcorta Abogados is, according to the firm, "to expand the services it offers its clients and to reach companies with greater physical proximity in the north of Spain".

Rafael Alcorta will be part of Sagardoy's board of directors, in addition to the management committee of the firm chaired by **Íñigo Sagardoy** and directed by **Martín Godino**.
