Toda&Nel-lo has joined the international network of law firms "Legal Network International" (LNI), with the aim of expanding its range of international services.

Toda&Nel-lo is the second spanish firm to join Legal Network International as Iusfinder Abogados has been part of it since the 1990s.

LNI is one of the leading networks of independent law firms that was founded in 1989 and covers more than 60 jurisdictions around the world.

"Being part of LNI will enhance our ability to provide high quality legal support to clients in multiple jurisdictions," says Toda&Nel-lo's international partner, **Josep Maria Balcells** (pictured).
