Uría Menéndez has advised Logalty Prueba por Interposición, S.L on the acquisition of 100% of Virtual Web Licancabur, S.L., a Spanish Legal Tech company offering identity-identification services based on biometric parameters, primarily facial recognition, through the "Smartbiometrik" software.

Logalty Prueba por Interposición, S.L. is a company dedicated to ensuring the legal security of online transactions with proof by interposition and offering digital identity, digital transaction certification and contractual flow solutions.

The team from Uría advising on the deal was led by Antonio Sánchez Cerbán (pictured left) partner, Finance, Madrid; Yushi Zhou (pictured right) senior associate, Finance, Madrid and Rodrigo López Checa, junior associate, Finance, Madrid.
