Uría Menéndez Welcome Programme in Madrid recently concluded after bringing together more than 100 young arrivals from over 40 universities who are starting their careers this year at Uría Menéndez's offices in Barcelona, Bilbao, Lisbon, Madrid and Valencia.

Last week has had a full programme of training sessions and talks. The new arrivals have learned more about how Uría Menéndez work and had the opportunity to share their experiences with their peers. Now that they have joined their teams, they will begin to experience our firm.
