Raquel Ballestero (pictured) has more than ten years of professional experience in advising companies on Financial auditing, in addition to all types of work-related to accounting and valuation (presentation of annual accounts, preparation of reports, etc.).

In the words of Francisco Vaciero, president of the firm: "We are very excited about the incorporation of Raquel. Our new manager has extensive experience in financial and audit advice to companies, which will allow us to continue accompanying our clients in both sale and purchase transactions and restructuring and refinancing, especially in the difficult situation in which we find ourselves."

With a degree in Law and Business Administration from the University of Valladolid and a Master's degree in Auditing and Management Development, Raquel is a Chartered Accountant registered in the Official Register of Auditors (ROAC) and a member of the Madrid Bar Association (ICAM).

The firm chaired by Francisco Vaciero consolidates its commitment to strengthen strategic areas of the firm such as Corporate, M&A and Corporate Restructuring.
