Vento Abogados & Asesores has reinforced its headquarters in Madrid, opened at the beginning of the year, with the integration of Sánchez-Iniesta Abogados, a law firm in the banking and financial sector.

The Sánchez-Iniesta Abogados team, led by **Juan Manuel Sánchez Iniesta** and **Borja Sánchez Robledo**, is now part of Vento's organisational structure.

Juan Manuel Sánchez Iniesta is a lawyer specialising in banking and litigation. Throughout his more than 35 years of professional career, he has worked as head of the recovery and litigation services of leading financial institutions.

Borja Sánchez Robledo is a lawyer specialising in banking litigation. In his 13 years of experience, he has worked as external counsel for leading financial institutions and investment funds.

With the incorporation of the highly specialised team of Sánchez-Iniesta Abogados, Vento reinforces its banking area. At the same time, their knowledge will be of great help to other departments such as Civil, Commercial and Corporate, Criminal or Insolvency.
