**Watson Farley & Williams advised Bruc Iberia Energy Investment Partners on the acquisition of two solar photovoltaic power plants in Alvarado (Spain)**

This is the first investment carried out in Spain by Bruc Iberia Energy Investment Partners.

Both plants have a combined capacity of 100 MW and are currently under construction. They are expected to be fully operational in the third quarter of 2020.

The team from WFW, who advised on the acquisition and the financing of the deal, included managing partner María Pilar García Guijarro (pictured) and partner Jose María Anarte.
