Category: Archive

Iberian Lawyer IP & TMT Awards recognised this Thursday, at the Four Seasons, the excellence of the Spanish Legal market in the field of Intellectual Property protection, Telecommunications, Media and Technology

The gala night, presented by founder and general director of LC Publishing Group, Aldo Saringella, was celebrated at the Four Seasons hotel. Previously, the round table titled "IP&TMT: A market full of challenges and opportunities. Sustainability & added values: mandatory goals for the new times" took place, conducted by Iberian Lawyer chief editor, Desiré Vidal, which counted on the participation of Cristina Hernández Tielas, senior Legal counsel Iberia, British American Tobacco – South Europe Area, David Riopérez, Corporate and M&A counsel de Gómez-Acebo & Pombo, Carlos Menor Gómez, Legal director & Compliance officer at Renault Iberia, Ignacio Mendoza Legal Director of HEINEKEN Spain and AleJandro Touriño, managing partner of ECIJA.

The creation of trademarks and patents, their affirmation through the construction of reputation policies and their protection are therefore strategic assets of advanced societies and as such must be protected. Another increasingly important area of communication and information is the whole world of Technology, Media and Telecommunications (TMT).

The Jury members are a selected group of general counsel and head of Legal in the field of IP and TMT.

You can find more information about the categories here. Finalists were announced last June, and you can have access to the list here.
